

ACEE EcoSchools Workshop Offerings

Would you like to learn about the EcoSchools program, explore curriculum connections, build your school's action plan or understand how EcoSchools actions can support learning around Indigenous perspectives and climate solutions? Our team provides virtual sessions across Alberta, with tailored virtual or in-person sessions available with sub funding in Calgary and the Capital region! We offer workshops of one hour to full-day length.

Whether your school recently joined the EcoSchools Program, has completed actions or even previously certified as an EcoSchool, we have something for you! Check out our sample list of workshops below, and contact our [EcoSchools Canada in Alberta team](#) to arrange for a session tailored to your school's priorities and interests.

GETTING STARTED

Introduction to EcoSchools Canada in Alberta - get started and learn about EcoSchools Canada's free platform

Optimizing Your EcoSchools Experience - build your school's plan from over 45 actions

EXPLORING ECOSCHOOLS THEMES

Energy - explore energy conservation actions and learn about energy audits

Environmental Literacy and Teacher PD - discover the many ways to get your students involved in learning IN, ABOUT and FOR the environment and deepen your knowledge and skills

Food - grow your own food and get cooking to support your school community

Nature and Biodiversity - learn how to encourage nature in your school grounds

Outdoor Learning - experience the benefits of taking learning outdoors in your local surroundings

Transportation - track school transportation emissions and explore active and sustainable transportation

Waste - examine how waste is managed at your school and take thoughtful steps to improve your impact

Water - investigate and improve your school's relationship with water

Wellness - explore the many EcoSchools actions to get your students connected to something bigger than themselves

REACHING NEW HEIGHTS

Green Careers - help your students explore how work contributes to a liveable future

Indigenous Education - explore Reconciliation and Indigenous Connections as an EcoSchool

Climate Education - effectively teach climate change and climate solutions

Youth Leadership - experience student voices and foster servant leadership for learning and action through EcoSchools

Eco-Justice - explore why justice matters to EcoSchools

Deliberative Dialogue - practice approaches to engage with difficult topics
