

The Alberta Youth Leaders for Environmental Education (AYLEE)

Give Students a Better Future - A Session to Advance Environmental Education ASCA Conference 2021

Resources:

- AYLEE's Recommendations: [Supporting Leadership in Environmental, Energy, and Climate Education in Alberta Schools: Recommendations by Students for Alberta's Educational Leadership](#)
- Video presenting AYLEE's vision for the future: [Brighter Futures: Youth Visions for Environmental Education in 2030](#)
- Check out a video on why Alberta students want and need environmental education [here](#)

Actions that you can take to support our work:

- Join us on May 11 at 7 to 8 pm for a conversation on climate change and the importance of environmental education in building a more sustainable Alberta! [Learn more and register here.](#)
- We are currently conducting a survey of Alberta youth grades 6-12 and recently graduated to explore youth knowledge and attitudes in relation to education on the environment, energy, and climate change. We would greatly appreciate it if you could share the survey with the youth in your community and help us to engage more youth voices in our work. You can find the survey at: <https://www.surveymonkey.com/r/JCTQGJM>
- For teachers interested in engaging students in AYLEE, sign up to receive information about the program for the 2021-2022 school year [here](#).
- If you know youth grades 7-12 who may be interested in joining AYLEE, please share the [youth signup form](#) for the 2021-2022 school year with them.
- Contact your Member of the Legislative Assembly and/or local school trustee and share your concerns over the lack of environmental, energy and climate education currently being instructed in Alberta classrooms
- Share your feedback on the draft K-6 curriculum to the Government of Alberta. Check out the link here to do so: [Have your say | Alberta.ca](#)
- Talk to your kids, family, friends, and colleagues about the importance of environmental education and discuss how, together, we can create change
- Engage youth in your work! Youth are directly impacted by the decisions being made regarding the environment and education and as such, our voices should be included in these discussions and the decision-making process
- Stay in touch and help amplify youth voices on environmental education by interacting with us on social media: [Facebook](#), [Instagram](#), [Twitter](#)
