November Session Descriptions

Launch Your EcoSchools Journey

In this interactive 30-minute session, we will help you get started on your journey to becoming a certified EcoSchool! Let us help you discover curriculum connections, and introduce you to EcoSchools Canada's free platform, as you build your school's plan from over 45 actions including energy, water, and nature and biodiversity topics! You'll be surprised how much of your existing work will already gain recognition when you join EcoSchools. Wherever you are in your teaching journey, you can engage your students in learning about environmental sustainability and climate action and help them build a sustainable future!

Ready to launch your EcoSchools journey? [Register for a session today!](#)

Book a Chat

Schedule a meeting to talk about the EcoSchools Canada in Alberta program at a time that works for you.

- Located in Calgary, Central or Southern Alberta? Email susan@abcee.org or [book a chat](#).
- Located in the Alberta Capital Region or Northern Alberta? Email melanie@abcee.org or [book a chat](#).
- Interested in the French program for ÉcoÉcoles? Email marie@abcee.org or [book a chat](#).

Opportunities for You and Your Students

2021 AYLEE Environmental Education and Climate Action Summit

AYLEE's 2021 Environmental Education and Climate Action Summit, taking place November 5-7, is a great opportunity for EcoSchools to:

- *Access a unique learning opportunity with your class* - Nov 5th is full of virtual sessions with environment and climate change professionals you can tune into!
- *Get inspired* - The morning of Nov 6th, youth leaders will present their school and community actions, and share tips for you to get started!
- *Begin or continue working on your EcoSchools action plan* - The morning of Nov 6th provides time for you to connect with your students to plan next steps as a team: Decide what actions you want to take this school year, or who is working on what in the upcoming weeks to carry out your plan!

- *Connect with other EcoSchools* - Nov 7th is purely a time to socialize with other youth and teachers! Share what was learned and planned over the Summit, what you're excited for this school year, and what your vision for the future is!

Interested students and teachers can find out more information and [register here](#).

AYLEE Movie Night

On November 22, 2021, at 5 pm, grade 7-12 students and teachers are invited to join the [Alberta Youth Leaders for Environmental Education \(AYLEE\)](#) for a movie night where we watch and discuss an environmental film! [Register here](#) to get the Zoom link.

City of Calgary Webinars

Engage your students in the new Environment Strategy by learning about City goals and existing initiatives from City of Calgary staff. This curriculum-tied webinar series will show students solutions for local environmental issues, and what to expect in the future.

Webinar 2: Is Your Street For Everyone? (Grades 4-6)

November 25 from 1:30 p.m. – 2:00 p.m.

A welcoming and inclusive city provides safe, accessible and affordable transportation and recreation options for everyone. How do you think your street stacks up? How does the City create change? How might students spark change in their community? [Register here](#).

COP26 Climate Change Conference

The [United Nations Climate Change Conference of the Parties \(COP26\)](#) is taking place in Glasgow, Scotland over the first two weeks of November. In the conference's Green Zone, youth groups, civil society, academia, artists, and businesses from all over the world will be hosting events, exhibitions, cultural performances, workshops, and talks. Most Green Zone events will be [streamed live to YouTube](#). Tune in with your class to engage students in an exploration of our role and opportunity in global processes.
